

HOW TO CITE ELECTRONIC SOURCES
NewsBank Databases
MLA Style Manual

Material with publication information for a **printed source or printed analogue**. Databases may use newspapers, magazines, journals, newsletters as sources. **Citations should begin with a traditional cite for a newspaper, magazine, etc.**, and follow with the electronic bibliographic information.

Works-cited list should consist of the following items:

- Name of the author (if given)
- Publication information (this includes title and date of the print publication)
- Title of the database (underlined)
- Publication medium (Online or CD-ROM)
- Name of the computer service or company
- Date of access
